

New Meter Installation Rate Increase

Effective
May 1, 2024

Did you know?
In just 16 hours,
water utilities
produce as much
potable water in
tonnage as the
oil industry
outputs in oil in a
year.

The Fayette Water Supply Board of Directors met on Monday, March 18, 2024 and approved increasing the new meter installation fees.

FWSC will honor all cost estimates that have been done before May 1, 2024 and are within the 30 day expiration.

Below are the new meter installation fees that will go into effect on May 1, 2024.

Meter Size	Equity Buy In Fee	Installation Costs	Membership Fee	Total Proposed Costs
5/8" X 3/4"	\$5,000.00	\$1,450.00	\$100.00	\$6,550.00
1"	\$8,125.00	\$1,605.00	\$100.00	\$9,830.00
