NOTICE OF RATE INCREASE

The Fayette Water Supply Corporation (“FWSC”) Board of Directors held a public meeting on September 20, 2021 and voted to increase the monthly **base** rate for water service for all members to be effective the January 2022 billing cycle. The FWSC Board elected not to increase the water usage rate tiers at this time.

The purpose of this rate increase is to partially offset the rising costs of supplies and materials we are facing, as well as for the investment in infrastructure and equipment necessary to minimize a repeat of serious service disruption as was experienced with the winter storm earlier this year.

The FWSC Board recognizes the difficulties that this new rate may have on your household. However, we believe it necessary to ensure that we can continue to sustain the water services upon which you currently rely.
